

European Championship was held in Hungarian Kecskemét. 24 teams took part in the event. More and more really strong athletes attend International kettlebell competitions. It was the first time ladies' long cycle was a part of official competition program (prof class and amateurs). The same time there were competitions among juniors and veterans. A lot of great results were achieved by athletes in different classes and different bodyweight categories.

First ten places of team competition were:

- Russia - 298 points
- Ukraine - 268 points
- Hungary - 172 points
- Ireland - 168 points
- Poland - 101 points
- Estonia - 98 points
- Germany - 95 points
- Finland - 91 points
- Lithuania - 82 points
- Kazakhstan - 81 points

You can download full competition results from Kecskemét here. Also you can find few videos on our [youtube channel](#) .

It was really nice event. There were good conditions for competitors and for guests of this big event. Head of city Kecskemét said not so many sports can bring so many people in such little city. Many thanks to head of organizing committee - László Barcsik.

5-7 th July same competition for Asian countries will be held in South Korea. It will be first time IUKL official Asian Championship.
