

Last weekend in Ventpils (Latvia) was held European Championship among juniors till 18 years old. Athletes of weight classes 53 and 58 kg used kettlebells 16 kilograms, athletes of other weight classes used kettlebells 24 kilograms. Girls competed in snatch with 16 kg kettlebells.

Were two days of competition. First day – biathlon competitions and snatch (for girls) competitions. Second day – long cycle competitions and relay in jerk.

In European championship were participants from 5 countries: Latvia, Estonia, Russia, Kazakhstan, Lithuania.

The Russian team won totally.

In same time there was held traditional international tournament "Ventpils Atlants". It were competitions in biathlon and in power juggling. Participants used kettlebells 16, 24 and 32 kg. There were athletes from 9 countries.

Protocols of competitions will be able on our site in a week (in [protocol section](#) ).
