

**World Kettlebell Championship** was finished in Tyumen (Russia) last weekend. It was great event. A lot of people came there to compete from 22 countries. There were a lot of great results, a lot of new world records! Organizers provider a free flight from Moscow to Tyumen and from Tyumen to Moscow. It was full plane of kettlebell lifters (160 places).

It was very nice event! Very beautiful hall, nice medals, video broadcast, a lot of guests, celebratory opening ceremony.

Russian team was strongest again. The second place – Ukraine, third place – Kazakhstan. Also there were really strong participants from Finland, USA, Croatia, Finland and Ireland.

Judges decided the best result was achieved by Denis Vasil'ev (Russia). His long cycle numbers = 90 reps in weight category 85 kg. He received a price 10 thousands euros!

There was meeting of IUKL members and they decided to hold the next IUKL World Championship in Hamburg (Germany), European Championship – in Kiev (Ukraine).
