

Four kettlebell tournaments were held the same time in Latvian **Daugavpils**: Youth's European championship, III Stage of World cup, III Stage of Grand Prix series and First trial IUKL women LC competition. More and more young athletes come to compete every year. This time there were around 200 participants (for all competitions).

Results of young athletes become stronger and stronger too. Russia was the strongest team. But Russians didn't compete in women's LC competition. Ladies from USA, Ireland and Norway were very strong in LC.

Russian youths won relay race with total result 310 repetitions (kettlebells 24 kg). Ukrainian men won relay race of World Cup's stage.

Specialists of Latvian anti-doping organization were on these competitions and took a few tests.
